SPECIFICATIONS AND MODELS

The **IN-OUT** series are innovative grilles in the market that allow their installation in facades and external walls, from the inside of the building, through the hole we want to cover.

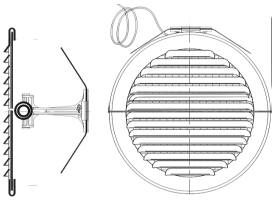

Easy to install, they can be removed or put on for cleaning.
They can be fitted with mosquito netting.

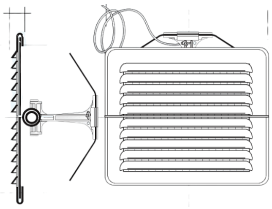

ESRIO-ABS
Folding circular IN-OUT plastic grille.

ESCIO-ABS
Folding square IN-OUT plastic grille.

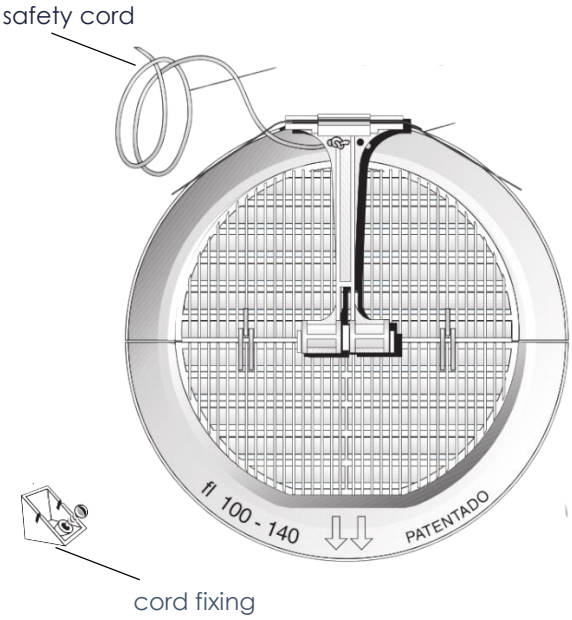

ESRIO-CO / ESRIO-ALB
Folding circular IN-OUT copper grille (**CO**) or IN-OUT white lacquered aluminum grille (**ALB**).

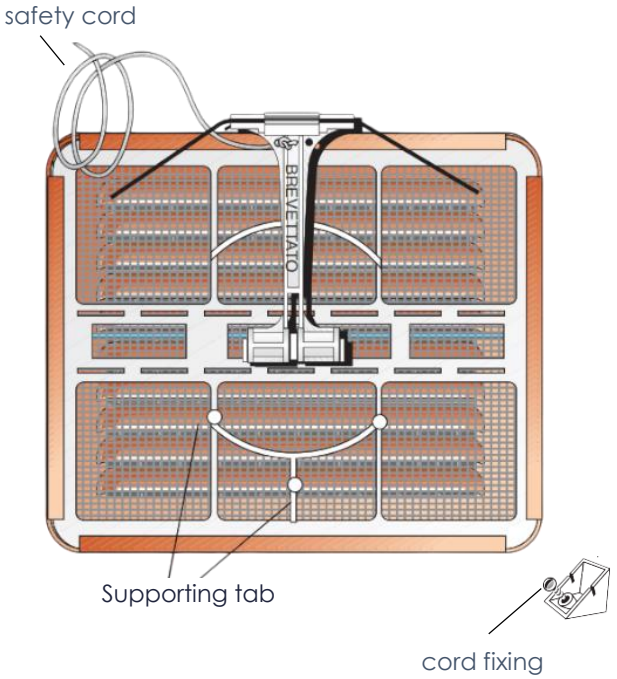

ESCIO-CO / ESCIO-ALB
Folding square IN-OUT copper grille (**CO**) or IN-OUT white lacquered aluminum grille (**ALB**).

INSTALACIÓN

They are placed on the wall by inserting the folded grille through the hole in the wall from inside the building. Once through the wall, the grille opens and we pull it until it is installed. It has a safety cord to prevent it from falling.
